Three Female Comedians For The Price Of One

Marika, China & Lauren

P.S. We Also Love Cats

--

Lauren Mabbett, China Gonzalez and Marika Jackson come together for a show that is anything but a regular comedy line-up.

Lauren spent her early years wetting her pants in primary school and learning to laugh at herself to fit in with everyone else who was laughing at her.

Her love for comedy started when she discovered Ellen DeGeneres – and a few year later was lucky enough to make an appearance on her show in California – yeah yeah let it go she’s just trying to live a normal life now!

She also spent a year at Alcatraz which is where she gets her hard exterior. Albeit the prison wasn’t operational at the time so maybe she is just a bitch.

Her comedy can be described as observational, dark, and mostly dry (like her pants nowadays).

China Gonzalez can show you what everyday New Zealand looks like for a Mexican immigrant. She’s journeyed from Guadalajara to Grey Lynn to become a Mexi-Kiwi and bring you a night of laughter set to a Latin beat.

Marika shares anecdotes from her journals and has ended up in far too many uncomfortable situations for a normal human being. She embraces her self-professed incredible naivety and inability to pick up hints, if only for the many laughs she bring.

“These comedians are very funny... a triple will will be a great show for sure.” – Brendhan Lovegrove, Comedian

“Three of the funniest humans I know. A rare Line up of even rarer comedians.” – Brendan Kelly, another Brendan
